Subscription \$2.00 Per Year

ST. ALBERT NEWS NOTES

Mr. and Mrs. Henry Benion celebrated their 20th wedding anniversary on May 31. To celebrate the occasion Mr. and Mrs. Benion, Mr. and Mrs. M. Curial and Salsone attended the "Drive-In" theatre and then finished the evening with a very nice lunch at the Seven Seas.

There will be a rally on Tuesday, June 13 at 2 p.m. in the Morinville hall. Mr. C. D. Fuhr will be the speaker. Will all farmers please attend. Everyone welcome.

Mrs. Neil M. Ross and Dougie, accompanied by Miss Alice Ross, motored to Holden last Thursday. Mrs. Ross to visit her brother, while Alice stopped off in Tofield.

LEGAL ITEMS

The results of the French Festival have been received and the diplomas show a general mark of "grande distinctions" which is honors.

Mr. Gracien Martineau is in the hospital recovering from an operation which he had some time last week.

Mrs. Phillippe Mercier who had been gone some time on a trip to California, returned two weeks ago.

Mrs. Galbert, from Thorhild, passed away at 81 years of age. She was the mother of Mrs. Noel Boisvert and grandmother of Mr. Pete and Aime Boisvert and Mrs. W. Demers, all of Legal.

The buildings which include the office of Mr. Tellier and Dr. Whisell are now being stucco and brick finished by Mr. Maurice Vaugoeud and his crew.

Also making repairs are Mr. Hebert who has made a new foundation to his house and Mr. Louis St. Martin who is having a new front porch built on to his house.

Work is still going on to repair the sewer system which has not as yet been utilized due to faulty piping.

Brick laying on the church has been stopped temporarily because there is the necessity of waiting for door frames and window sashes.

Visiting recently in Legal were Rev. Fr. St. Arnaud OMI and Mr. Maurice Lavolté of Edmonton.

The Charrois families have had the visit of their sister and her husband, Mr. Lajeunesse, Mr. and Mrs. Couture and their daughter. They were all from Debeden, Sask., which is the town horse of Mrs. L. Charrois.

Rev. G. H. Primeau, now pastor at LaCorey, was visiting in Legal on Monday.

Spending this week-end at P. Mercier's was Miss Maxine Morris. Maxine was a friend of Louise's when they both went to the FCJ Convent in Edmonton.

The high school baseball team started to play against Pickardville on Sunday afternoon. However showers prevented the continuation of the game. If the good weather returns Legal will play against Alcomdale on Wednesday night.

A shower was held for Miss Theresa Podrique who will be wed with Mr. L. L'Heureaux on June 8.

On Thursday, June 8 a show will be held at the Parish hall, proceeds for the church. Rev. Mother Provincial has lent us a film which promises to be very interesting.

Gets Early Start in Radio

Bobby Taylor, 13-year-old Vancouver radio and film actor, singer, pianist and saxophonist, has long cherished an ambition to be a radio announcer. And because he feels that an announcer should also be capable of taking over the controls, he often works in a little engineering practice in the control rooms at the CBC's Vancouver studios between rehearsals for drama broadcasts. Here he is in front of the turn-tables, complete with earphones, learning how to start a record "on cue". Bobby is starring in a film on child delinquency soon to be released by the National Film Board.

Colorful Graduation Dance Presented

MORINVILLE. — Morinville enjoyed the best organized and most colorful soiree ever held in the community hall, last Friday evening, when the CYO-sponsored graduation dance took place with a large attendance present.

The hall was well decorated in the blue and yellow school colors. All the 14 graduates were present. All the 12 girls wore formal dresses and lovely corsages. The music supplied by the 4-tones orchestra was well enjoyed and a gala atmosphere was very much in evidence throughout the whole evening.

At lunch time a table of honor was laid for the graduates and

CYO Group Holds Afternoon Tea

ST. ALBERT.—On May 14 the CYO gave an afternoon tea for their mothers. They presented a few singing numbers and demonstrated some of their dances that are done at CYO socials. Lunch was served and a few speeches were made by Father Labonte, Mrs. Brodeur, Mrs. Maloney and Bud Zeece, our CYO president. We were very happy to give our mothers a pleasant afternoon and we hope there'll be more mothers present next year.

May 14 in the evening, the actors of "Jimmy Be Careful" presented their play at Mearns. There was a good attendance.

May 18 the CYO had their meeting at the Parish hall. They have now raised sufficient funds to start building their own club room which is to be on the right hand side of the stage in the Parish hall.

On May 21 the Mearns group presented their play "The Time of His Life" at the Parish hall. The cast and all the local CYO members had lunch together when the play was over. Thanks you, Mearns, for a pleasant evening.

Members of the CYO: Crests are now available. Be proud of the crest which is a replica of Fr. LaCombe's statue. Let us see them being worn.

New CYO President Is Elected

LEGAL.—At the monthly communion breakfast on Sunday, June 4, elections on the agenda were for a new president for "Club Pacelli" as well as for a new president for the social committee which takes care of preparing all entertainment sponsored by the CYO.

After the minutes of the last election day were read, to replace the former president, his younger brother, Mr. Leandre Letourneau, was elected. Elected to take the place of Mr. Walter Van Walle was Miss Jeannette Provost. The elections over word of thanks was given by each, after which Rev. Fr. Langevin addressed the meeting.

The executive of our CYO now stands as follows: Chaplain, Rev. Fr. A. Langevin; president, Mr. Leandre Letourneau; vice-president, Marie Dumaine; secretary-treasurer, Miss Laurette Bellley; president of the spiritual committee, Mr. Louis Chauvet; president of the education committee, Miss Lorraine Bouchard; president of the social committee, Miss Jeannette Provost.

St. Albert Operetta Concert Enjoyed

On May 28, the entire group of Mr. J. Surett pupils, now known as the Northern Alberta Light Operetta Co., gave a full concert in the St. Albert Parish hall. Although a small audience was present, the performance was thoroughly enjoyed and appreciated.

Unfortunately a large number of school children missed this concert through the poor cooperation of a few of the St. Albert teachers. This group is making a special effort to promote better music for the school children.

Pupils from Mr. Surett's St. Albert studio opened the program with a number by a string orchestra, followed by several selections on the piano and violin solos. The concert hour with the more advanced group then took place.

Those who were fortunate enough to attend gave very high praise for the rendition of the operetta and concert hour, as the best organized program played in St. Albert to date.

A Family Of Eagle Eyes

These three members of one St. Catherines, Ont. family have won experts' shields of Dominion Marksmen's association: Mrs. Lucy Harrison, 71, left, her son, Ted, centre, and his wife, Kay. The family record is believed unique in Canada.

PICKARDVILLE NEWS NOTES

The Home and School Association held their last meeting of the season Friday, June 2 in the hall. A very educational film was shown before the business part of the evening was opened.

Electing of new officers for 1950 and plans for the next season were on the agenda.

The officers are as follows: President, George Lawley; vice-president, E. Tober; secretary-treasurer, Mrs. E. Tober, re-elected; program convener, G. S. Kauta; librarian, A. F. Smith.

It has been decided to have the first meeting the first Thursday in September. The last Monday of each month films are to be shown and a meeting to be held in the hall.

The Board of Trade held a public meeting in the hall Monday, June 5. The business to be discussed was the laying of cement sidewalks in the centre. Work to begin next week and cementing to be started at Borbskies corner and go west.

Thehe will not be any United Church service the following Sundays, June 11 and 18. Services will be held every Sunday thereafter. A meeting of the church board will be held at Busby Sunday afternoon, June 18.

Born to Mr. and Mrs. E. Boucher a son, June 1, a playmate for Michael.

We see the Lawleys are the proud parents of a bouncing baby Austin.

Mrs. Boisvert is back in the centre visiting before leaving for her home at Wanham on Thursday.

Mr. and Mrs. A. Smith and Mrs. M. Rector strolled to Athabasca on Sunday.

Club Achievement Day Popular

LEGAL.—On May 18 was held the achievement day, when all the cooking and sewing, the school girls had done was judged. Since it was impossible to report the results right away the turnout was sent in later. The results were as follows:

Sewing Susies—1, Frances Ouellet; 2, Elsie Zinlinski; 3, Rachel de Champlain.

Stitch in Time Club—1, Jeanne Chauvet; 2, Margaret Barry; 3, Ellen Hrycum.

Menuettes—1, Lorraine Montpetit; 2, Eloise Carrier; 3, Betty Seniuk.

Tea Time Club—1, Lucienne Prefontaine; 2, Maxine Hills; 3, Dolores Montpetit.

The work itself did not entirely decide the outcome of the judging. Also taken into consideration were each girls club activities, her ability to express ideas and the help and co-operation she offered throughout the year.

The girl who came first of each club has the privilege of having one week of free schooling at the Vermilion School of Agriculture.

Pressure Boosts Yield

An advanced method for producing crude oil may result in recovery of up to 90 per cent of the oil in a given pool. Hydrocarbon gas mixtures are injected into wells at high pressures to achieve this result. This method is still in the experimental stage, however, and field tests are being made later this year.

Master Farm Family Program

Again as in 1949 the Department of Agriculture is sponsoring the Master Farm Family Award Program. The objectives of this program are as follows: To honor farm families who have achieved notable success in farming, homemaking and citizenship. To provide practical demonstration of farm and family progress and approved practices that bring success. To draw attention to the advantages of farming as a vocation and to the wholesomeness and dignity of rural life. To set before the rising generation the higher ideals of agriculture and the opportunities in rural citizenship.

In order to be eligible for nomination farm families must meet the following requirements: The family must be Canadian citizens. The head of the family must have spent 20 consecutive years or more in actual operation of a farm. (In the case of veterans, absence on military service will be accepted in lieu). The head of the family must be the owner-operator or lease operator of the farm.

Attractive awards are available to farm families receiving the highest scores.

Further information, nomination forms and score cards are available to farm families who are interested in this program. This information may be secured from district agriculturists.

Alberta Pioneers of 1950

Alberta has been the home of Europeans for about 200 years, and already its history is rich in the lore of the pioneers. Early traders who settled on the banks of the Saskatchewan at Edmonton, the first missionaries who established at St. Albert, did so even when the oldest settled districts of Eastern Canada were new and undeveloped.

But the pioneer spirit in Alberta has not died out, it continues as a living, pulsating influence. Oil seekers in the uncharted areas north of the Athabasca, veterans in the Wanham district north of Peace River, bulldozers pushing aside the forest at Mayerthorpe, Barhead and Lac la Biche.

Realization of the wild frontiers still to be pushed back relentlessly, in our rich province, holds great promise for the future of every Albertan, his children and grandchildren.

Is it too much to expect this growing province to boast a million population in 1960? Will Edmonton have half a million citizens by 1970?

Alberta's Biggest Oil Fortune

From Montreal Standard

The man who has drilled more dry holes than anyone else in Alberta looked around the crowded salon of Calgary's friendly Palliser Hotel where 242 members and guests of the Western Canadian Petroleum Association were celebrating its first anniversary. "Three years ago," he mused, "the members could have met around a table, yet it's my guess that there's \$100,000,000 in personal wealth represented here tonight."

The estimate was promptly pooh-poohed. (The income tax collector is not a popular figure in Canada's oil lands). Yet, even halved, the sum is still sufficiently sizable to give an indication of the extent of the oil boom.

Someone pointed out that Eric Harvie was not present. "If he were," said the wealth guesser, "you could add on another \$50,000,000 at least."

This is no time to question his estimate. The story of Eric Harvie is not representative of the men who put their faith in oil, took

chances, made and lost small fortunes or grew lean in depression days before cashing in on the bonanza, but it is easily one of the most fascinating.

Harvie, now a man in his middle fifties, was a well-established Calgary lawyer who had married into the wealthy Southam publishing family. Among his clients was an English firm, Western Leaseholds, which 20 years ago bought up the mineral rights of 500,000 acres of freehold land checkerboarded across northern and central Alberta. The idea was to develop coal deposits but after a while the company became dormant. In lieu of legal fees, said to amount to around \$48,000, Harvie took over the rights.

He had hopes of being able to dispose of them, but because of the scattered nature of the property there were few takers. Later, of course, this weakness was to prove to be its strength.

Eventually he made a deal with the Shell Oil Co., whose geologists had an early hunch about Alberta oil, whereby they took an option on some of the land. Seismograph tests were encouraging, but the war had increased Shell's world-wide commitments. Six days before Imperial Oil spudded in (started drilling) what was to be Leduc No. 1, Shell pulled out—a decision which still causes Shell men to pull their hair in exasperation when they think of it. Although it was not immediately apparent, Harvie's luck was still holding. Had Shell gone ahead and succeeded, his royalties would have been slight.

Harvie is said to have disposed of some of his Redwater interests for a cool \$10,000,000 in cash and to have a 12½ per cent royalty on oil produced by Imperial on property obtained from Western Leaseholds.

Unlike most oil men who will talk the hind leg off a derrick, Eric Harvie is reticent and retiring, and although enjoying the respect that almost inevitably goes with considerable wealth, is not considered as belonging to the select group who were born with petroleum in their veins. Success is no criterion. Two of the best loved are Tom Brook and Basil Jones, who haven't brought a win in yet. When they do it will be a popular win. They are always in there trying and, as Art Mewburn, one of the successful old-timers says: "If you sit in a poker game long enough, you're bound to win."

Scriptural Meditations

By AINSLEY BLAIR

The theme of redemption is one that the angels desire to look into; it will be the science and the song of the redeemed throughout the ceaseless ages of eternity. Is it not worthy of careful thought and study now? The infinite mercy and love of Jesus, the sacrifice made in our behalf, call for the most serious and solemn reflection. We should dwell upon the character of our dear Redeemer and Intercessor. We should meditate upon the mission of Him who came to save His people from their sins. As we thus contemplate heavenly themes, our faith and love will grow stronger, and our prayers will be more and more acceptable to God, because they will be more and more mixed with faith and love. They will be intelligent and fervent. There will be more constant confidence in Jesus, and a daily living experience in His power to have the uttermost all that come unto God by Him.

S m i l e s

ASK MRS. DENNETT

The teacher was talking about the dolphin and its habits.

"And children," she said, impressively, "just think! A single dolphin will have 2,000 baby dolphins!"

"Goodness!" exclaimed the little girl at the foot of the class, "and how many do the married ones have?"

THE PERFECT METHOD

Jim — Alice might marry you if you propose to her correctly.

Fred — How had I better do it?

Jim — Sit on the edge of the Grand Canyon, get her to sit on your knee and tell her you'll push her off if she doesn't say "yes."

THAT MAKES IT QUITE CLEAR

Many of us are slow on picking up on Einstein's new theory because we haven't yet got a clear idea of his first one.

A western professor can help us in this respect.

"When a man holds a pretty girl on his lap for an hour it seems like a minute. But when he sits on a hot stove a minute it seems to him like an hour. That's relativity."

Scott's Scrap Book

Standing at the Crossroads

By JOSEPH C. HARSH

In The Christian Science Monitor

WASHINGTON.—The time has really come for Americans to put up or shut up.

Ever since the end of the war we have been talking a coalition of the free world which would stand up against Russia.

We have made major contributions toward the building of that coalition—the Marshall Plan, Atlantic Pact, and all the rest. We have nothing to be ashamed of.

But not until now have we really, seriously, been faced with the question whether we ourselves are ready to join it and support it all the way.

We were not faced with that question because until now there always was some other country or condition standing in the way of fulfillment. So we were in favor of something which was not obtainable.

It's easy to be in favor of something which can't be had.

But it's different now. The London conference made the difference. It wasn't that the conference itself did anything big or spectacular. Technically, it only set up an Atlantic Pact council of deputy foreign ministers to manage co-operation among the signatories of the Atlantic Pact (which just improved on an organizational structure which already existed) and issued a lot of good resolutions.

The French, in one of the really

great reversals of policy of all time, have decided to bury the old feud with Germany and enter into a real economic partnership with their traditional enemy. This is the opposite of what France did after 1914. It is what we have condemned the French for five years for not doing. It is a move which could be the foundation of a real revival of the economic and political might of western Europe.

It probably is the biggest act of French political initiative since before 1914.

Less spectacular, but perhaps equally important, is the British discovery that an inter-European payments scheme can be worked out. The European "integration" which Paul G. Hoffman of ECA has been preaching suddenly is lifted from the will-o'-the-wisp level to the level of attainable reality. Here is potential power—economic, political and military.

A French-German, plus British, plus Canadian and American, coalition would be the biggest, strongest coalition ever forged in history. It would make the West so strong that only sheer madness in the Kremlin ever would induce the Russians to challenge it with force. What is more, it can be had. There it is—an attainable condition!

Now it's up to us to decide whether we really want it.

If we really want to settle the cold war without a shooting war, here is the way of doing it.

Letters to the Editor

FINDS 'EM LACKING

Dear Sir—I am agreeably surprised to see such a good little paper as you publish for Hardisty. It is well edited and well printed. These towns along the Pipeline are fortunate to have your papers as only two have their own printing plants and the others wouldn't have their own papers if you weren't printing them. I wish these Canadian girls were half as good as your paper. I was in Europe during the war and only wish I had married one of those European girls. Canadian females are 100 per cent bairfies and will take a man for every cent he has.

European girls give a man what he needs most—a real wife, to be proud of. In case I haven't made myself clear, you Alberta girls are just plain no good. Hardisty

— Jasper Place MRS. V. J. TRUPP

PENSION DOUBT

Dear Sir—Our great French Canadian Prime Minister, Rt. Hon. Louis St. Laurent has shown his deep regard for all Canadians among those who have lost their homes through flood and no fault of their own. I agree with the ministers that more pensions can only come from more taxes. This will be a rude jolt to some who think all they have to do is ride along with any pressure movement to get that "pie in the sky." Our grandfathers didn't worry too much about security, they wanted freedom and the right to work out their own security. That kind of spirit is what made our country great. Let's keep it great.

Alberta Gas Could Serve 3 Millions In Northwest

More than two million people in the Pacific Northwest are immediately available as customers for surplus gas from Alberta, Fulton W. Copp of Seattle, market survey specialist for Northwest Natural Gas Company, told the Petroleum and Natural Gas Conservation Board meeting in Calgary this week.

Nearly another million would be added in the next decade, Mr. Copp thought.

He presented the application by Alberta Natural Gas Company for permission to export natural gas. He recommended a southern route that would serve southern B.C., State of Washington and Vancouver.

Mr. Copp outlined three basic routes available under the company's plans. An all-Canadian route through southern British Columbia to the coast, then turning south into the United States, should develop sales of 66 billion cubic feet per year after five years; a route which dipped south from B.C., to cross through the State of Washington, returning to Vancouver at the coast, with a branch line south to Seattle and Portland could be expected to develop sales of 75 billion cubic feet of gas per year; and a northern route through the Yellowhead Pass, the interior of B.C. and south, might produce sales of 58.9 billion cubic feet annually in five years time, Mr. Copp reported.

The population which will be served by the distributing companies to which Alberta Natural Gas Company proposes to sell gas, Mr. Copp said, "is estimated to be presently in excess of 2,000,000 and is estimated to reach 2,800,000 within the next decade.

He told the Board of many needs for natural gas in the Pacific Northwest. "From natural gas available, the commercial uses in the area will be greatly increased for baking, cooking, space-heating, and for steam and hot water," he said.

The big atomic energy plant at Hanford, Wash., would not be included in service provided by an all-Canadian route along the border, Mr. Copp said. Only a southern route could serve "these con-

sumers, as well as the consolidated Mining and Smelting Company of Canada Ltd.; Fernie, Cranbrook, Kimberly, Nelson, Creston, Trail and Rossland, in British Columbia and Spokan, Wash.," he said.

Noting that the principal fuel now used in the areas to be served by a gas pipeline was oil, and that chances of gas sales depended on "gas being easily competitive on a price basis with fuel oil," Mr. Copp told the Board "the lower initial cost, lower operating and maintenance costs and higher load factor of Route B (which dips through Washington State) would make a better competitive price for industrial gas."

Killam Resident Visits Europe

Among western passengers sailing to the United Kingdom on the Canadian Pacific liner Empress of Scotland from Quebec on May 19, are:

Hayward Smith of Killam, Alberta; Mrs. C. MacDougall, Mrs. J. M. Morgan, Mrs. T. M. Williams, E. W. Baker, Mr. and Mrs. George Linney of Edmonton, Alberta; Mr. and Mrs. J. Stanley Horne, Miss Dorothy McCaffrey, Miss Myrtle Magnusson, J. D. Thomas, Ernest Philips, D. Blacklaws of Calgary, Alberta.

Mr. and Mrs. J. Taylor of Red Deer, Alberta; Mr. and Mrs. H. Wilson of Carseland, Alberta.

Alberta Thirty Years Ago

Thirty years is not so long in the life of a nation, but in 1920 northern Alberta was a wilderness giant, from which an empire has been carved out. Seen here is what was the village of Thorhild, north of Edmonton. Now it is a prosperous modern community. The late John O'Morrow is seen standing in front of the only business establishment of the time, the general store.

Stampede Slated For June 14

MANNVILLE — This community will make its debut into Stampede sports on June 14, proceeds to go into the Memorial Arena fund.

Stampede manager, Art Ginter, who has a string of successful stampedes to his credit, including Innisfail and Marwayne, reports that a first rate show is in the offing for Mannville and district.

He also says that he will have the pick of the well-known Bruce Chessman's horses from Innisfail. Mr. Chessman supplies horses for all of the best-known stampedes in Alberta.

Featured on the day's bill will be horse races, bare-back bronc contest, wild steer riding, wild steer wrestling, and tying, team cart races and other thrilling performances, including one by Art Ginter himself who is the bronc rider champion for Peace River, High Prairie and Grande Prairie.

Other attractions for the day will be the midway and a big dance in the evening.

Local committee consist of W. N. Crooks, president; A. E. Williams, secretary, and Chester Gamble, assistant manager.

FARM GROUP PLANS LACOMBE FIELD DAY

The Alberta committee for advanced registry for swine has arranged to hold their ninth annual AR field day June 16 at Lacombe and extends a cordial invitation to farmers to attend and enter into the discussions.

Following is an outline of the program:

Address of welcome—Mr. George DeLong, superintendent Dominion Experimental Farm, Lacombe.

Greetings from Alberta Department of Agriculture—Mr. W. H. T. Mead, livestock commissioner.

Summary of operations and results at AR feeding station, Edmonton—Mr. N. Curtis, dominion livestock production services.

A demonstration with the aid

of colored slides will be given of actual pigs that completed the test and the carcasses they produced, with sires and dams of some of the pigs. Demonstration under the supervision of Mr. M. Syrotuck, livestock production services.

Barley prices, at elevator and through hogs—Dr. L. W. McElroy, professor animal husbandry, University of Alberta.

Discussion period led by the chairman, Mr. Marler.

Distribution of prizes donated by Burns and Co. to the breeders who had the winning litters on test in 1949-50.

Mr. Roy C. Marler Bremer, Alberta, will be the chairman for the day and with other breeders will lead in discussions.

EUROPE IN TURMOIL

Life In Europe's Refugee Camps Still Grim Half Decade After War

By GEORGE MURRAY

EDITOR'S NOTE:—This is the last in a series of articles written for Community Publications and the South Edmonton Sun by George Murray, eastern Canadian newspaperman who has just completed a tour of Europe's displaced person camps, investigating the condition of the Old World's refugees a half decade after the war.

FALLINGBOSTAL, Germany.—

Food standards in displaced persons camps are just above subsistence level. The International Refugees Organization has established a daily ration of 2,230 calories as a desirable minimum (the average daily consumption in Canada is about 3,500 calories) but even this standard is sometimes difficult to maintain. Special food supplements are given to children, pregnant and nursing women, the sick, and heavy workers, all carefully calculated.

Feeding in most camps is communal. In the food store everything is neatly stacked and tidy, and the huge fresh German-baked loaves are fresh and of good quality. The contents of the bins tally with the records available.

In the kitchen, large boilers give off clouds of steam and red-faced cooks and assistants are dashing to and fro. In one boiler stew is bubbling. There are plenty of potatoes, chunks of meat, and vegetables, and the whole boiling cauldron give off an appetizing aroma. Bread is sliced in a machine and dollops of margarine and jam are smeared on the freshly

cut allices.

In another boiler is coffee substitute, the notorious German "ersatz" variety, and already milk and sugar are being added. The

quite obvious that the change has done the children good.

There is also a kindergarten and in addition 40 children from the camp are attending secondary school in a camp a few miles away. The headmaster tells us that 15 persons from the camp are at a vocational training school. This is very important. Few opportunities exist for the professionally qualified D.P.'s. Skilled tradesmen are favored.

The DPACCS supervisor, the fourth Britisher of the team, is giving out clothing in the clothing store. Each camp inhabitant has a clothing card on which issues are recorded. If the state of a person's clothing, coupled with proof on the card that he or she has had no issue for a considerable time, justifies the issue of further garments, then the person is called to the store with others in a similar plight and issue is made. There is a queue of

Five years after defeat of Germany, Europe's uprooted millions still face almost hopeless existence.

menu is stew, bread, jam and margarine and a mug of ersatz coffee. Not much of a meal, perhaps, but the best that can be done.

The dining room is a huge room in which tables and forms are laid out in orderly rows. The walls are bleak but the monotony is broken here and there by gay Estonian and Latvian flags. There is no luxury but the barrack tables are cleanly scrubbed and the whole impression given is one of clean utility. Plates, spoons and mugs will be brought by the D.P.'s themselves, and by the door are tubs of hot water for washing up.

At the other end of the dining room is a smaller kitchen where the children's meals are prepared. They get a supplementary issue and the food is therefore cooked separately. Here the meal is much the same, but there is fresh fruit in addition to the stew, bread and jam, and vats of cocoa.

What else is there in the camp? Well, there is the school, and the children look extremely well. Little blonde girls with ribbons and pigtails, wearing bright woolen jumpers, and close-cropped boys. They learn in their native language but English is also taught for a few hours a week.

Nearly all of them have spent a fortnight in the World's YMCA summer camp where the tents were pitched on the banks of a stream in a beautiful part of the country a few miles away. At these camps, organized sport takes place, and there is a campfire in the evening with community singing.

The YMCA provides additional food from its own resources. It is

vocational training also fulfills a useful purpose as there are training courses of short duration designed to refresh skills which have been dulled through disuse during the war years, or to provide elementary training for young workers.

In this camp the D.P.'s themselves conduct a good deal of informal "on the job" training, and the camp shoemaker, carpenter, electrician and tailor, for example, are engaged in training aspirants for their own type of work.

At the other side of the barrack square is the camp hospital and dispensary presided over by the DPACCS nurse. It is big enough for 20 patients and has a medical inspection room for daily patients requiring consultation and treatment. There is also a dental clinic which caters to neighboring camps as well as this one.

An ambulance is available for transporting patients to hospitals when necessary. The hospitals used are German and D.P.'s who are socially insured and are also to use them free. Hospital bills for others are met by D.P. Division through IRO funds.

It is with an air of pride that the doctor shows us through the five wards, each having four beds, which make up the sick bay. The linen is spotless and by the open windows are vases of huge roses, yellow and red. The dispensary is equally clean and is remarkably well stocked with drugs.

In the health program, D.P. Division and IRO utilize to the full the services of the D.P.'s themselves to maintain a high standard of health. The aim is to prevent disease as well as cure it, and to this end the DPACCS doctor inspects lavatories and drains, tests water in the camp once a week and carries out immunization of the D.P.'s as a routine measure against smallpox, typhoid, diphtheria, and against epidemic typhus, cholera, and yellow fever when necessary.

Clinics for mothers, special centres for underweight children and a comprehensive tuberculosis survey using mass radiography are among other health measures in operation.

Statistically, in terms of birth and death rates, incidence of disease and other criteria, the level of health of the DPACCS as a whole compares favorably with that of the western European nations in the immediate pre-war years. It must be admitted, however, that the low calorific value of the food has produced in some areas lowered resistance to sickness and an increase in infant mortality and tuberculosis.

Business In Canada Said Getting Better

The Canadian economy appears to be on a steadier course than seemed likely at the turn of the year, comments the Bank of Montreal in its monthly Business Review. Broadly speaking, two factors, neither clearly foreseeable at the beginning of 1950, have been responsible.

"At home, new capital outlays, instead of falling below last year's figures, appear to be headed for a new peak," the B of M says. "Externally, the general revival of business activity in the United States has maintained a demand for Canadian exports to that market sufficiently buoyant almost to offset contractions elsewhere."

Now completed, the official survey of 1950 capital outlays planned by business and government anticipates an expenditure of \$3,600 millions, the report continues.

"Such a program represents an increase of \$170 millions, or five per cent, over comparable 1949 outlays and, if accomplished, will not only exceed anything previously achieved in both physical and dollar terms but will account for an unusually high proportion, 22 per cent, of the country's total production of goods and services."

The statement notes that direct governmental expenditures of a

capital nature—federal, provincial and municipal, are expected to be higher by \$96 millions. Investment plans of enterprises, institutions and housing projects under governmental jurisdiction are raised by \$79 millions.

Private capital outlays, while likely to show a slight reduction, would still represent an anticipated 69 per cent of the 1950 aggregate.

Noting that last year's "moderate economic set-back in the United States was unaccompanied by any corresponding dip in Canadian business barometers," the bank believes that this "unusual divergence in business trends" was due to "the sustaining influence of resource development in this country."

"But, having ridden out the U.S. recession, the Canadian economy now appears to be benefiting from the improved economic weather in the neighboring country."

The U.S. market's buoyancy, combined with devaluation, has been responsible for "recent striking gains in our shipments" across the border, the bank finds. In every month since last October the Canadian dollar value of merchandise exports to the United States has shown a progressively greater increase over the same month a year earlier.

"Since the beginning of this year imports of British merchandise have been running above, and exports to Britain below, a year ago," the Bank of Montreal reports. "The characteristic balance in favor of Canada, which exceeded \$53 millions last October, was thus rapidly reduced in the four succeeding months and actually turned adverse to the extent of over two millions in March, the first time that Canada has been a net debtor to the United Kingdom in merchandise trade account since March, 1932."

Inoculation Clinic To Visit Six Towns In June

Several inoculation clinics were held by the nurses of the Edmonton Rural Health Unit during the month of April. Miss Guild and Mrs. Van Alstine were at Gibbons and Egremont; Mrs. Van Alstine and Miss Gines at Legal and Vimy, and Miss Gines and Miss Fodchuk at Morinville and St. Albert.

Twenty-six children were inoculated at Gibbons, 21 at Egremont, 34 at Legal, 14 at Vimy, 48 at Morinville and 24 at St. Albert.

Clinics for the month of June will be held as follows: Gibbons, June 14, 11:00 to 12:00 noon; Egremont, June 14, 2:00 to 3:00 p.m.; Legal, June 9, 10:30 to 12:00 noon; Vimy, June 9, 1:30 to 2:30 p.m.; St. Albert, June 21, 11:00 to 12:00 noon; Morinville, June 21, 1:30 to 2:30 p.m.

Onoway Girl Wins Nursing Award

By Constance Reiner

ONOWAY, Alta. — Miss Beatrice Evans of Onoway, has been awarded the Montreal Royal Victoria Hospital prize for general proficiency in nursing.

In her second year as nurse-in-training, she received the intermediate class award of \$25 donated by the medical staff. Presentation was made at the graduation exercises recently.

It is the intention of Miss Evans to further continue her studies, now in the third year, at the operating room at Royal Victoria. She will afterwards take a post-graduate course in neurology.

"Since the beginning of this year imports of British merchandise have been running above, and exports to Britain below, a year ago," the Bank of Montreal reports. "The characteristic balance in favor of Canada, which exceeded \$53 millions last October, was thus rapidly reduced in the four succeeding months and actually turned adverse to the extent of over two millions in March, the first time that Canada has been a net debtor to the United Kingdom in merchandise trade account since March, 1932."

And in N. Y. They're Running For Cover

Georgia Sothern, who's given out with her share of bumps over the years, thinks the New York cops are bumping her around. And the red-haired stripeuse is going to bump them back—right into Supreme Court, as a matter of fact.

The present trouble started last year, just before Georgia went on tour. A couple of bluecoats caught her act and gave it a bad critique. On returning to New York, Georgia was called on the carpet by police and her license to perform in Gotham cabarets suspended indefinitely.

"I've got to fight this thing all the way," explains the 37-year-old entertainer. "Trouble like this is bad for the profession. Why, I could go on right now and give a real good-goody show and still be criticized. You know what people would say? They'd say, 'She's immoral. Look, you can see the dimple on her knee!'

It didn't have anything to do with the dimple on Georgia's knee, but centred around her famous cigarette dance and the alleged twirling

The main beef by the cops was with a big tassel. There also was reference to "bumps, grinds and gyrations of the midsection of the body."

"Tassel!" snorts Georgia. "Ha, I never use one. Ask anybody who's seen me work. I don't need a tassel. I'm a dancer—an artist. I know that sounds corny, but there's more to this business than just tak-

ing of your clothes. If there wasn't, how would I get along? I'm not a glamor-puss, but I make out all right. So I must be able to do something besides undress."

When Georgia appeared before assistant Police Commissioner Meehan, she carried her evidence in a paper bag. It consisted of a bra and a pair of elastic tights with sequins on the back.

20th Century FARM NEWS

70,000 Dairy Farmers Throughout Province

There are 70,000 dairy farmers in Alberta who are the owners of 315,000 cows. Last year these cows produced 1,671,075,000 pounds of milk which was sold in its natural state, manufactured into butter, cheese, ice cream and other products.

The total value of all such products was \$52,560,000. The value of butter alone was \$18,334,000, of which \$10,500,000 worth was exported from this province.

The extent to which margarine is being manufactured and sold in Canada is endangering the dairy business not only in Alberta but right across the Dominion. Margarine is a synthetic product made mostly from cottonseed oil imported from the southern United

States. It can be manufactured cheaply.

If the trend towards margarine continues the whole dairy business in Canada will be seriously harmed. Dairymen will dispose of their cows and a milk shortage will develop. Milk cannot be made from cottonseed oil.

Dairying is important to Alberta's economy. It provides an alternative to straight grain growing, is an important factor in the maintenance of soil fertility, and permits the use of certain land which cannot be profitably used for other farming activities. The dairy cow made the state of Wisconsin one of the wealthiest in the United States. The dairy cow can do the same for Alberta if given a reasonable opportunity.

Control Smut in Oats and Barley

Treatment of grain is usually required to treat smut rapidly, effectively and at low cost. Consequently, there is no reason why the farmers of Western Canada should allow the smut of oats and barley to set hundreds of thousands of dollars from them in 1950.

The *Nursery*—Clear-cut evidence of the need for prompt action on the part of western farmers with respect to the control of the coarse grain smuts will be found in the accompanying table. (Results of smut tests made by Linen Elevators Farm Service).

1948 1,390 92.4 25.1

1949 1,106 90.0 23.1

1950 1,000 90.0 23.1

Recommended Treatments

The seed disinfectants (chemicals) recommended for the control of the coarse grain smuts are Ceresin, Leytonol and Panogen. On no account should the new dust treatment called *Anticrust* be used on oats and barley for smut control. *Anticrust* has not control the smuts of oats and barley, so why use it. Formalin although it gives good smut control tends to injure the seed, sometimes quite seriously. It is not recommended for the treatment of seed grain.

Grain Care. Seed of oats and barley should first be thoroughly cleaned and then treated with Ceresin, Leytonol or Panogen, according to manufacturer's directions. Be sure and treat the seed at least 7 days in advance of seeding. The main cause of disinfectants are poisons to humans and birds. They must be handled with care. If you want to save dollars in 1950 treat all your seed of oats and barley for smut control.

Grain Care. Seed of oats and barley should first be thoroughly cleaned and then treated with Ceresin, Leytonol or Panogen, according to manufacturer's directions. End Seen Near Of Canada-UK Wheat Pacts

LONDON.—Canada and Britain have agreed to end the system of bilateral wheat agreements between them, which has been so strongly criticized in the United States, wheat experts in London said recently.

The decision, which experts believe the two governments took in the London discussion last week between British officials and Mr. Hon. C. D. Howe, the Canadian trade minister, is not expected to be made officially until next week.

Under it, Canada and Britain will have no firm bulk contract for Canadian wheat after the current four-year agreement expires July 31, experts believe.

Canada would simply compete for Britain's market for dollar area wheat within the price limits of the International Wheat Agreement. For next season these limits are a maximum of \$1.98 and a minimum of \$1.43 a bushel.

Grain experts thought that Canada might capture the whole of British markets for dollar-area wheat. This season the United States got a small part of it. But Canada would have to win the market in open competition, instead of by a bilateral pact.

It was believed that the British officials told Mr. Howe that Britain expected to need between 100,000,000 and 120,000,000 bushels of dollar area wheat dur-

ing the 12 months starting August 1.

Farmers in Alberta and industrialists in the east are keeping a wary eye on wheat negotiations currently underway between Canada and the United Kingdom.

Both feel that the level of prosperity to be enjoyed in this country next fall and through 1951 will depend to a considerable degree on the outcome of the negotiations.

Despite Canada's spectacular industrial growth in the last 10 years, agriculture remains a key factor in her economy and wheat is the major agricultural product. Since the U.K. traditionally is the biggest wheat purchaser, the negotiations are bound to have a far-reaching effect on the economy of the country.

Canada's wheat salesman—Trade Minister Howe—returned to Ottawa Friday after a series of talks in the U.K. He has given no inkling of the outcome of the talks except to deny reports that the wheat negotiations had broken down over the question of price.

FUA Holds Meeting in Edmonton

Executive of the Farmers' Union of Alberta met June 1, 2 and 3 in Edmonton. Among the major items dealt with were wheat prices, freight rates, the membership drive, the The Manitoba Farmers' Flood Fund campaign, and the district conventions.

Final plans for sending a joint delegation to Ottawa requesting a boost on the final payment for wheat sold under the Canadian-British wheat agreement were discussed. Present Ottawa plans call for a payment that would bring the final price to \$1.85 a bushel. The FUA executive will seek a payment to bring the total of \$2.00 per bushel, thus compensating in part for the disappointing floor price of \$1.40 per bushel set for 1950 wheat.

The wheat price situation was further aggravated recently with the announcement of another increase in freight rates, and this factor has stirred the FUA executive to a renewed effort for a higher final payment on wheat sold in previous years. Carl J. Stimpfle, FUA president, will head the delegation to Ottawa immediately on the return of Hon. C. D. Howe from overseas. He will be joined by a representative of the Saskatchewan Farmers' Union.

The executive will make final arrangements for several district conventions, particularly the ones to be held in June. These are scheduled for Hanna, June 14, Olds, June 23, Stony Plain, June 24 and Ponoka, June 26.

The province-wide Manitoba Farmers' Flood Fund, conducted by the individual locals was also reviewed.

When in the city shop around the corner and save.

Everybody Got Into the Spirit of the Thing

Edmonton has had its soap box derby for several years now, but the sport's apparently still new to the city. It can be seen here coming down the ramp. Fourteen cars were entered, with several spills and crashes.

United Church Marks 29 Years of Service

LAC LA BICHE.—The Lac La Biche congregation of the United Church of Canada was first organized in 1921 under an interested group of residents who were anxious for Protestant services in the district.

In that year subscriptions were received for a building fund. The

house of Mr. L. Nicholas was purchased and was extensively re

modeled to form the present church

building. The church was first lo

cated on a site opposite the local

cemetery, and was moved to its

present location in 1937. The

church was first organized as the

Protestant Union Church of Lac

La Biche and letters were sent to

both the Church of England and

the Methodist Church with a view

to obtaining the services of a

minister. The Methodist church

responded and a student was sent

out the following summer, a Mr.

Gilroy. It was soon found to be

advisable to have the church

property registered in the name

of one of the recognized church

bodies, and the property was duly

registered in the name of the

Methodist Church of Canada

under the advice of Dr. Powell,

then superintendent of Missions

for the Methodist church in Al

berta.

The church building was com

pleted in 1924, and entered into

the United Church in 1925. How

ever, church union was already in effect in this community, and the union of parent bodies was greatly welcomed. Work was done on the manse in 1929. In 1930 permission was also granted to the Church of England that should they send up a student he would be quite welcome to use the United Church for his services and that was the practise for the number of years until the Anglican Communion established their own church building.

Rev. Wesley Bainbridge, now of McDougall United Church Edmon

ton, was the student in 1926. Mr. Symington in 1928; Mr. William Taylor in 1929; Mr. W. Davies in 1930; Mr. Martin, 1931; Mr. Stobie, 1932; Mr. Wragg, 1934; Mr. Whitehouse in 1935; Mr. J. A. McKinley in 1937 and 38; Mr. H. G. Dobson in 1939; Mr. H. Cartelton, 1941. Mr. Brownhill was the student in 1945. Mr. Williams in 1946; Mr. D. Greenough in '47 and '48; Mr. K. Lee in 1949 and Mr. D. A. Greenough in 1950. The church was without workers during the years 1942 and 43 due to war conditions.

MISCELLANEOUS

(Continued)

Canadian Indians Protest Treatment

Miss Emily General, centre, a Mohawk Indian from an Ontario reservation, presents the original Haldiman treaty, signed by the British in 1784, to the United Nations Commission on Human Rights. Miss General and a delegation of Indians allege violations of treaty by the government.

Maythorpe News Briefs

There was a dance held in Mayerthorpe May 24, sponsored by the Mayerthorpe branch Canadian Legion for the Winnipeg Flood Fund. It was well patronized.

Mr. W. K. Ranton, former pioneer hardware merchant of Mayerthorpe, passed away in the Mayerthorpe hospital on Sunday, May 28. The sympathy of the community goes out to the bereaved family.

A number of Mayerthorpe school pupils were transported to Alberta Beach on Friday, May 26th, to play in the ball tournament.

Work has started on the village sidewalks, under the supervision of Messrs. Ed. Robinson and Milton Drew. We hope to see a big improvement in the village this summer.

The Imperial Bank building is receiving its second coat of stucco under the able supervision of Wm. Tunney.

Mr. Chris Johnson is putting the finishing touches to Weller's new men's wear store. We understand that Mr. Weller expects to open his business June 1st.

The Mayerthorpe baseball boys brought home the bacon by defeating Rochfort Bridge 4-1 in their first game, and Sangudo 12-11 in the second game at Sangudo on the 24th of May.

Sunday, May 28, at Mayerthorpe found the Sangudo and Mayerthorpe baseball teams trying hard again, Mayerthorpe winning 9-8.

Sunday, May 28, at Mayerthorpe, found the Deer Lodge and Mayerthorpe softball ladies trying to break the 19-19 tie. However, darkness stopped the game.

Miss Jean Keeley is out on a vacation, visiting her parents, Mr. and Mrs. Chas Keeley.

We noticed quite a procession of English Ford tractors on their way to Crockett Motors after being unloaded from C.N.R. cars. Nice going, Leo.

Otto Hoffman of Stony Plain will operate a fully modern dry

She returned home this Thursday, many are doing well.

Mayerthorpe's girls' softball team is comprised of the following: Ethel George, Katie Potter, Mabel Howes, Betty Fellows, Phyllis Brown, Martha Deninger, Peggy Benson, Mary Springer, Margaret Bannister, Eva Collins.

MORINVILLE NEWS NOTES

The past week marked the passing of one of Morinville's leading citizens in the death of Rev. Mother St. Wilfrid, provincial for the congregation of Filles de Jesus. The well known nun will long be remembered for the modern improvements made to the Convent Notre Dame and her great human understanding of the problems of this post war era. Many tributes could be paid to her great virtues, but may we humbly add a small token by repeating "Give me the breath of your vision and I will give you the depth of your soul." The deep and sincere sympathies of all the residents of the Morinville district are extended to the Rev. Sisters.

Morinville enjoyed a most suc-

cessful dance party last Friday when the local CYO held a graduation dance.

By the way folks, a dance will be held on June 2 in the Morinville Community hall, all proceeds to go to the local flood fund. A good Edmonton orchestra will be in attendance and a supply of sandwiches and coffee should help to bring a large crowd for a good evening of fun and at the same time help a good cause.

Mr. John Williams is a patient in the hospital along with Mrs. M.

UNWANTED HAIR
Permanently eradicated from any part of the body with Saca-Pelo, the remarkable discovery of the age. Saca-Pelo contains no drugs or chemicals and will kill the hair roots. Lor Beer Lab., 679 Granville, Vancouver, B.C.

Heppeler, Norman Weiss and Miss Rosemary Heppeler are reported much better.

New, Improved

Massey-Harris [®] sprayers

The splendid reputation Massey-Harris weed sprayers have earned since their introduction only two years ago is further enhanced with the development of the new, improved models now available.

Retaining all the convenience features and low gallonage advantages of former models, these new machines offer you greater value than ever in the many new improvements that have been added—greater strength and more rigid frame design especially in the trailer model—arch bracing and spring cushioned rod control on the wide 30-ft. booms (eliminates flexing and whipping and ensures uniform application across the full length of the boom), cable support and pulleys for convenient hand lifting of the 20-foot booms—longer service filtering system—and improved pump design. You can get a weed sprayer to fit your tractor.
